A group of people, including men and women, are working in a large, lush green cornfield. Some are standing and holding tools, while others are bent over, likely weeding or tending to the plants. The field is filled with tall, healthy corn stalks. In the background, there are trees and a few small buildings, suggesting a rural setting.

“The example of the believers in their affection, mercy, and compassion for each other is that of a body: when any limb aches, the whole body reacts with sleeplessness and fever.”

— Prophet Muhammad (peace be upon him)
